OF SUFFRAGE RATIFICATION

Court Appeal Made in Tennessee After Antis Are Beat in Legislature

30 SOLONS LEAVE STATE

Go to Alabama to Prevent Quorum, But House Pushes Through Vote

Nashville, Tenn., Aug. 21.—Chancellor James Newman today issued a writ of injunction temporarily restraining Governor Roberts, Secretary of State Stevens and the speakers of the Tennessee senate and house from certifying to Secretary of State Colby Tennessee's ratification of the woman suffrage amendment.

The action came after the lower house of the legislature had defeated 50 to 0 a motion to reconsider its action in ratifying the woman suffrage amendment and ordering the senate joint ratification resolution transmitted to the senate that it might be sent to the engrossing clerk.

Thirty members of the lower house left the state, going to Decatur, Alabama, in an effort to block the tabling of the Walker motion to reconsider the ratification action.

Quorum not present. Only 39 members, 7 less than a quorum, answered to their names when Speaker Walker called the house to order. Half an hour after meeting time, the speaker adjourned the house in recess for an hour to give the absent members time to round up the absentees. Since 30 of the absent members were reported at Decatur, Alabama, however, there seemed little prospect that a quorum could be had.

T. K. Riddick, suffrage leader, declaring that the legislature was acting under federal and state law when considering the suffrage amendment and that the state constitutional quorum was not necessary, moved that the Walker motion for reconsideration of ratification be taken from the journal. The speaker held the Riddick motion out of order. On an appeal to the house the speaker was overruled by a vote of 49 to 8.

Several witnesses were called by the grand jury investigation charges that suffrage workers had attempted to bribe Representative H. T. Burns, who voted with the antis on preliminary votes, but voted for ratification in the final test Wednesday.

Prepare Vote Machinery. Washington, Aug. 21.—Although ratification of the suffrage amendment is held to cancel all conflicting state laws and constitutional provisions, a statement given out tonight by the National Woman's party said further legislative or executive action might be needed in several states before adequate election machinery was set up to permit all women to vote in November.

Allice Paul, chairman of the party wired today to attorneys general in doubtful states asking if the road to the polls would be open to women as soon as the ratification of the amendment had been proclaimed. Only nine doubtful states, Alabama, Louisiana, South Carolina, Tennessee, Maryland and Vermont, responded to be heard from on the point, as party officials have been informed that adequate steps had been taken in all others, the statement said.

In 30 of the state, it added, full participation of women is assured by the fact that they already had more or less complete voting powers under state laws.

FUTURE TREND OF
GERMANY'S MONEY
VALUE IS VAGUE

Berlin, Aug. 21.—All the currency theorists in the world will be unable to give definite, positive answer to the question when an improvement might be expected in Germany's huge paper circulation. Director Von Giesepp of the Reichsbank has told the Associated Press correspondent. The bank statement showed that the paper in circulation July 15 totaled 52,847,000,000 marks. This was a decline of 158,000,000 marks as compared with the previous week.

"We shall certainly do all in our power to prevent further undue inflation of currency," he said. "As for Germany, there are only two ways and none other will avail. They are expressible in two words—work and thrift. Increased production will benefit both exchange and exportation. From that and a nationwide return to frugal habits alone is an improvement in the paper money situation expectable."

VOTE DEPOSITS
OF FUNDS HERE

Minneapolis, Aug. 21.—The Minneapolis Trades and Labor assembly voted to withdraw all of its funds in local banks here and deposit them in the Bank of North Dakota. The Milk Wagon Drivers union previously had deposited its fund in the North Dakota State bank.

FARMER HELD IN
MANN ACT CASE

Fargo, Aug. 21.—Federal authorities announced the arrest of T. H. Dahl, farmer living six miles northwest of Tappen, N. D., charged with violation of the Mann act. The arrest was made by John G. Pfeiffer of Fargo. Dahl was arraigned before a federal commissioner at Steele, Kidder county, and was released on \$500 bond. The government charges that he transported a woman from Minnesota to North Dakota.

PROPERTY OF
COUNTY VALUED
AT 23 MILLIONCounty Commissioners Report
Total to State Board of
Equalization

BISMARCK VALUES RAISED

The total valuation of property for taxation in Burleigh county, as reported to the state board of equalization by the county commissioners, is \$23,789,157.

The valuation of farm lands per acre in the county is increased materially, and city property in Bismarck also is increased.

The total value of property in Bismarck is placed at \$4,893,244. The valuation of lots, exclusive of improvements, is placed at \$3,010,161, while last year it was \$2,858,916. The value of structures for business purposes is placed at \$1,070,508, while last year it was \$1,039,229.

The figures presented to the board show that there is a greater proportion of buildings and homes occupied by the owners than last year. The value of structures which are occupied by the owners is fixed at \$426,150, while the value of leased residences is fixed at \$386,125.

The county assessment shows that 901,268 acres are assessed. The valuation of farm lands is fixed at \$18.42 an acre, while last year it was \$14.79 per acre. The total value of farm lands exclusive of improvements is fixed by the county board at \$13,460,517, while last year it was fixed by the state board of equalization at \$13,608,005.

ASK INCREASE
IN PHONE RATE
IN MANY TOWNSBismarck and Mandan Included
in Increase Asked by Independent Company

WOULD RAISE TOLL RATE

Petitions for increase in telephone rates, both long distance and exchange rates, were asked today by the North Dakota Independent Telephone company in petitions filed with the railway commission.

Increased cost of operation due to increasing cost of materials and particularly the increase in wages under the minimum wage rules of the Workmen's Compensation bureau, are given as reasons for the increases desired.

Both local and long distance rates are included in the petitions. The following increases are asked or Bismarck, Mandan and Valley City by the North Dakota Independent Telephone company:

Bismarck Increase
One party business phone, present rate, \$3.50 per month; asked, \$4.50; two party business phone, present rate, \$5.00; asked, \$7.75; main line residence, present rate, \$2.00; asked, \$2.75; two party residence line, present rate, \$1.50; asked, \$2.25; four party residence line, present rate, \$1.50; asked, \$2.00.

The company asks that farm line rates out of Bismarck, Valley City and Mandan be made \$2.25 on ground lines and \$2.75 on metallic lines.

Average 20.4 Percent
The average increase asked for all classes of business is 20.4 percent. The increase asked for on long distance telephone rates is arrived at by shortening the distance on which the present charges now apply. For example, the rate now is 10 cents for the first 12 miles, and the company asks that the rate be made 10 cents for the first 10 miles, etc.

The North Dakota company asks increases to produce \$50,000 additional annual revenue, of which \$28,600 would be obtained, according to the estimate, from toll rates.

The average increase asked for small stations is about 25 cents per station per month.

Among the ancient Greeks and Romans a charm of youths and maidens used to sing marriage songs before the chambers of newly-married couples.

SEVEN INJURED
IN RIOTING OF
RAIL EMPLOYEESRailroads and Strikers Clash in
Early Morning Riot; Many
Shots Fired

POLICE RESERVES CALLED

Riot Outgrowth of Frequent
Attacks of Striking Yard
Workmen

Chicago, Ill., August 21.—Seven men, one of which was wounded, are under arrest as a result of an early morning riot, when 100 armed railroaders clashed with about an equal number of strikers.

Scenes of shots were exchanged, stones were thrown and a number of personal encounters engaged in before police reserves arrived.

The riot was the outgrowth of frequent attacks by striking railroad men on workers who refused to walk out last April in the unauthorized strike. Men said to have been strikers are said to have beaten up different individual workers during the last few weeks.

Inmate Yards
The trouble reached a head yesterday when three men invaded the yards, beat up and shot a switchman, who will probably die.

Last night railway train employees of the Illinois and Western railroad learned of an elaborate plot being planned for concerted attacks by the strikers.

They armed and set out in a body looking for the other side. The two factions met at 21st street and opened fire. Several men are believed to have been wounded.

SENATE TARGET
OF NEW ATTACK
HURLED BY COXCondemns Harding's Proposal
to Take Senate Into
Confidence

HARDING'S NEW VIEWS

Orrville, Ohio, Aug. 21.—Another spirited attack on the senate oligarchy was made here today by Governor Cox in an address replying to that delivered recently by Senator Harding, his Republican opponent, in which Mr. Harding commended the senate as a forum of popular government.

"The Republican candidate," said Governor Cox, "has re-devoted a front porch session to the defense of the United States senate. With a characteristic reactionary isolation, from the currents of public thought he fails to distinguish between the United States senate as an institution and the list of United States senators who have taken charge of an important part of the government."

"It is our contention that a group of men have formed a domineering, arrogant, oligarchy in the senate and that they have deliberately interfered with the welfare of the world, delayed readjustment in this country, and to the distinct injury and disadvantage of the people."

Would "Annex Presidency"
That the Republican senate group was trying to "annex the presidency" also was asserted by Governor Cox, who stopped here today enroute to Canton, O., where he was to speak again tonight at a "Cox day" celebration.

Continuing his attacks upon Republican campaign contributions Governor Cox also charged that the "greedy interests" which are making the contributions have been in notorious consort with the senatorial oligarchy. In attacking the senate leaders Governor Cox also again stressed the necessity for the league of nations, reiterating and expanding former arguments in its support.

Harding Eye on Europe
Marion, O., Aug. 21.—The conference now in progress to elect Elinor Root and leading European statesmen for organization of an international court of justice are being closely watched by Senator Harding as he formulates his policy of a world "understanding" for preservation of peace.

The Republican nominee revealed today that he considered the international court conferences to hold important possibilities and added that the plan evolved there might become an element in the political campaign as alignments develop in the league of nations issue.

Mr. Root, a former Republican secretary of state, was author of the league plank in the Republican national platform and after his return to this country is expected to confer on the subject with Senator Harding.

STICKING COST
ON INCREASE

The cost of sticking is on the increase. The latest H. C. L. note is that the price of glue is going up. The latest quotations from the manufacturers, as received by Harris & Co., state that a small tube of glue, such as formerly sold for ten cents, was now worth twenty-five cents.

STEAL 31,349
AUTOMOBILES
DURING 1 YEAR

St. Louis, Aug. 21.—There were 31,349 automobiles stolen in 1919 "index" cities of the United States in 1919, compared to 25,013 in the same cities in 1918, according to figures compiled by the National Automobile Dealers' association, headquarters in this city. This is an increase of 22.4 per cent. The figures were obtained from the official reports of the chiefs of police.

Of the 31,439 stolen in 1919, 23,232 were recovered, 74.4 per cent. Or the 25,013 stolen in 1918, 20,205 were recovered, 78.6 per cent.

Cars stolen which were not recovered were valued at approximately \$5,410,000 in 1918, and at \$8,658,369 in 1919.

HUNT CONVICT
WHO ESCAPED
FROM GARDENW. J. Hogan, With Term Near
Expiration, Leaves Penitentiary

ANOTHER ONE IS CAUGHT

Second Convict Had Concealed
Self in Boxcar, But Watch
ful Guard Caught Him

Prison authorities and sheriffs over a wide section today are hunting convict No. 3210—W. J. Hogan—who escaped from the prison late yesterday afternoon.

Another convict, John Zelich, used a clothes closet in an attempt to gain his freedom, but was caught. Zelich was working around box cars inside the prison gates. He cut a hole in the floor of a box car over a car beam, the hole being just large enough for him to conceal himself, with a covering drawn over the hole. Prison guards inspect each car that leaves the prison, and their watchful eyes caught the marks of a saw through the floor of the box car, and Zelich was hauled out.

Serving 7-year Term
Zelich was convicted in Cass county, and is in the prison to serve a term of seven years.

Hogan would have gained his freedom in November. He was brought to the prison November 9, 1919, from Nelson county to serve a term of a year and six months for shooting with intent to kill. He was 34 years old when received.

Hogan was a trusted prisoner, and was working in the garden when he stole away. He is believed to have caught a passing freight train, with goods through the floor of the box car, and was hauled out.

Short-termers Restless
"Guess we had to start putting the cuffs on and keeping the short-termers inside," remarked a prison official, after the escape.

Early in the summer another convict, who would have gained a parole escaped the day before he would have been granted a parole.

SUGAR DROP TO
10 CENTS SEEN
BY CHICAGOANSays Greater Production Will
Bring Sharply Reduced
Prices

Chicago, Ill., Aug. 21.—"Sugar will be 10 to 11 cents a pound by January," Russell Noble, secretary of the city high cost of living committee, stated today.

The years sugar crop is from 30 to 40 per cent greater than has ever before been produced.

The report states that the Cuban crop will be about 4,000,000 tons three times the 1914 crop.

Mr. Noble says: "If the consumers will begin now to buy as little sugar as they can get along with, we will have 10 cent or 11 cent sugar by January 1, as there is no shortage of sugar."

FIND 'LOST BABY'
NEAR FARM HOME

Oberon, N. D., Aug. 21.—After a long search for the 11-month-old son of Mr. and Mrs. Walter Paulson, who disappeared from the Paulson farm at 6 o'clock Wednesday evening, the child was found in a small cullee a mile and a half from the farm.

EX-SOLDIER IS
SOUGHT IN CITY

Do you know Norman J. Stabstad, an ex-soldier? He lived in Bismarck at one time.

STATE VETERANS
TODAY WELCOME
LEGION'S HEAD

Franklin D'Olier, National Commander, Confers With Legion Committees

"COUNTRY ALL RIGHT"

Mr. D'Olier Expresses Confidence in Future After Swing Around West

D'Olier Day
9:30 a. m.—Mr. and Mrs. D. Olier, accompanied by state commanders, left on automobile trip along River road.
Noon—Party returned to the country club for lunch.
1:30—Conference of the commanders of North Dakota posts with Mr. D'Olier.
2:00 p. m.—Party leaves country club on motor-trip around Fort Lincoln and visits other points.
4:30 p. m.—Return to capital hall park. Ball game, Dickinson vs. Bismarck.
6:30 p. m.—Banquet for Mr. and Mrs. D'Olier and state commanders.
8 p. m.—Public reception at the Elks' hall.
8:30 p. m.—Pavement dance, Broadway between Third and Fourth streets, by the Elks' band.

Franklin D'Olier, national commander of the American Legion, is Bismarck's guest today.

Members of the legion state executive committee, local members and members from many state posts gathered in Bismarck to welcome Mr. D'Olier.

A busy day was planned for the legion executive, and important discussions of policy with the state executive committee were on the program.

A public reception will be held at Mr. D'Olier at Elks' hall at 8 p. m., at which time he will make a short talk telling of the growth, work and purposes of the legion.

Mr. and Mrs. D'Olier arrived on No. 4 last night, accompanied by his secretary, James M. Dawson, and state adjutant Jack Williams met Mr. and Mrs. D'Olier at Mandan.

Met at Station
A reception committee for the Lloyd Spink post, including H. T. Murphy, Myron Atkinson and W. C. Paulson, together with Mrs. Bolton Henry and Mrs. T. R. Atkinson, met the party at the station.

Mr. and Mrs. D'Olier, in company with state post commanders, toured the country around Bismarck. This morning Mr. D'Olier held a conference with the post commanders at the country club. Various topics pertaining to the legion's work were taken up at this meeting.

"Nation All Right"
Mr. D'Olier has been making a tour of the states west of the Mississippi, coming here from California, Oregon, Washington and Montana.

In talking with the legion men in various parts of the country Mr. D'Olier has found that they are representative citizens and reflect the public opinion of their sections.

"The country has nothing to fear," is his belief after talking with these men. "Every section has its own problem. In California the Japanese worry them. In Washington the I. W. W. disturb the public mind. But taking the country as a whole the people are awake and sanely making progress."

RECEIVERS ARE
NAMED TO WIND
UP PONZI CASE

Boston, Aug. 21.—Settlement of the affairs of Charles Ponzi, whose scheme of high finance was stopped with millions of dollars of the public's money tied up in it, was advanced today with the appointment of the three receivers. At their suggestion, James M. Olinstead, referee in bankruptcy, was assigned to take testimony for them and hearings will begin tomorrow with the object of rounding up all possible information of assets available to the receivers.

Ponzi, brought from the East Cambridge jail to federal court, underwent formal examination as an "alleged bankrupt," agreeing to surrender all his property to meet the claims against him. He has estimated his assets at \$4,000,000, while official reports and estimates of his liabilities place them between \$4,000,000 to \$7,000,000 with a ceiling down on many notes of the 50 per cent profit which he promises investors and possible recovery of this amount from those already paid.

AWAKENS FROM
2-YEAR SLEEP

Waukesha, Wis., Aug. 21.—Mrs. Clara Jorgenson, Marine City, who has been asleep at the county asylum for more than two years, has regained consciousness.

A sister-in-law of Mrs. Jorgenson visited the institution bringing with her her 65-year-old son. It is thought that the child awakened memories in the woman's mind and restored her to a normal condition. During her stay at the hospital, Mrs. Jorgenson has been completely helpless. Thought in a semi-conscious state, she says she remembered certain faces and dimly recalls incidents.

D'OLIER

American Legion men from many parts of the state are in Bismarck today to welcome Franklin D'Olier, of Philadelphia, National Commander of the American Legion.

SOCIALISTS WILL
MAKE CAMPAIGN
FOR DEBS HERESufficient Petitions Are Obtained to Put
Electors on Ballot

O'HARE PREPARES WAR

The Socialist national ticket, headed by Eugene V. Debs, will go before the voters of the state, Frank O'Hare, after spending three weeks in the state, today announced he had 3,000 petitioners, more than enough to place the Debs electoral candidate on the ballot.

There will be no Socialist state ticket, however. O'Hare announced no attempt will be made to revive the Socialist organization for the state election in the state, which disapproved with the growth of the Non-partisan league.

The league was characterized by O'Hare as "all right," but a minor thing so far as the Socialists are concerned, which he said are concerned now primarily with national and international relations.

O'Hare is the husband of Kate Richards O'Hare, who served time in prison for the notorious characterization of the mothers of soldiers as "broad sows," which led to her conviction.

O'Hare does not believe that the third party ticket headed by Charles Stephens will get very far in North Dakota. Asked if he thought the league members would support the third party, he said:

"Anyone that has sense enough to vote for Christensen will vote for Debs."

FATHER'S DEATH
BRINGS MURDER
CHARGE ON SONInsanity of Young Man Who
Killed Parent With Shotgun Will Be Probed

Baltimore, N. D., Aug. 21.—Charged with the murder of his father, Martinus Derman, a farmer in Starbuck township, Gilbert Derman, 26 years old son is being held in the city jail charged with first degree murder, to await the action of the insanity board.

The younger Derman shot his father with a shotgun last Monday, while hunting, it is believed, under the thought that his father and some of the neighbors were plotting his death.

He was committed to the state insane asylum in 1916, but was released in 1918 at the request of his parents and was believed to have recovered.

TAX MAN SHOT
TWICE IN HEAD

New York, Aug. 21.—The body of Robert Hays, Internal Revenue inspector, shot dead through the head, was found early today after an overnight tour of duty parked at South Beach, Staten Island.

Charles Kane, of West New Brighton, owner of the automobile, informed the police that the car had been stolen from a front of a South Beach dance hall where he spent last evening with a party of friends.

SHIPS COLLIDE
IN CLEAR NIGHT
FIVE MILES OUTFour Members of Crew, Only
Are Believed Saved
From Ship

ONE WOMAN IS MISSING

Wife of Second Engineer Cannot Be Found—Four Members of Crew Saved

Sault Ste. Marie, Mich., Aug. 21.—Lives of 29 people, one of them a woman, are believed to have been lost shortly after 9 o'clock last night when the steamer, "Superior City," a freighter, about four and one-half miles off White Fish Point, collided with the "Willis L. King."

Four members of the crew, including Capt. Edward Sawyer, of Albion, Mich., were saved. Names of the missing could not be learned today, as all records of the "Superior City" were lost when the boat went down.

Captain Sawyer would make no statement except that the night was clear, no fog being in evidence.

Walter Richter, boatswain of the survivors, and who was brought here by the steamer Turner is in a local hospital seriously injured.

"The captain's alarm signal rang last two minutes before the crash," said Richter. "If we had had two minutes more no lives would have been lost."

Crews Kept Heads
The story of the wreck, as told by Victor one of the survivors, states that the "Superior City" was struck just amidships on the port side.

The crew kept their heads and waited calmly for the boats to be launched, but there was no time. Several boats were torn away while attempts were made to launch them.

A boat which Victor was attempting to launch was thrown overboard, carrying him with it. He reached a floating hatch cover and later was rescued.

OFFICIALS FEAR DISASTER

Cleveland, O., Aug. 21. Officials of the Pittsburgh Steamship company, owner of the steamer City of Superior, sunk in collision in Lake Superior, had received no word at 11 o'clock today of the safety of the 28 members of the crew of 22 and expressed grave fears that they were drowned. Press reports and telegrams to the carriers' association here said four members of the crew had been saved.

GREAT BATTLE
STILL RAGING
NEAR WARSAWBoom of Artillery Can Be Heard
in Capital as Poles Battle Reds

London, Aug. 21.—Heavy fighting continued north and northeast of Warsaw, according to a Bolshevik official statement issued yesterday in Moscow, and received here by wireless. Further to the northeast the Soviet and Polish armies are engaged while nearer the fighting is proceeding along the line of western branch of Bug river.

Near Lemberg the Bolsheviks are developing their advance. In the Tarnobol region, east Galicia, Soviet forces crossed the Strypa river and have advanced in a westerly direction it is declared.

The Bolsheviks have captured armored trains and its quota of officers. The Poles have captured 15,000 Soviet prisoners up to Thursday, it was announced here today.

Six Divisions Surrounded
Paris, Aug. 21.—Six Bolshevik divisions, estimated at between 30,000 and 40,000 men are surrounded by Polish forces, proclaim press dispatches received here today.

SEE NEW HOPE
FOR AMERICANS

Constantinople, Aug. 21.—Advices to the French mission here report the capture of Tarsus, Asia Minor, Aug. 12, by French troops, and hope now is held out for the American relief workers who have been besieged in Albania since June 20. Tarsus is situated halfway between Mersina and Adana.

VETS' CHAPLAIN
TO RESIGN SOON

St. Louis, Aug. 21.—Rev. Father Francis Kelly, Albany, N. Y., chaplain general of the American Legion who is in local hospital recuperating from injuries received in an automobile accident July 26, announced today that he will resign from his post in the legion Sept. 29 when his term expires.

DOMINGO MAKES MORE REVENUE BY U. S. CONTROL

Graft Eliminated and Port Revenues Are Doubled, Reports Show

IMPROVEMENTS ARE MADE

Washington, Aug. 20.—The military government established in Santo Domingo by the United States has started the island republic on the road to prosperity and successful self-government, according to a report of the Governor, Rear Admiral Thomas Snowden, made public by the Navy Department. It was prepared in response to an inquiry from the State Department, as to what steps have been taken to prepare Santo Domingo for government by the Dominican people.

Internal revenue collections of Santo Domingo have increased from an average of \$700,000 annually before the occupation to approximately \$2,500,000 last year, with prospects of a million dollars more this year, the Admiral's summary said. Certain taxes bearing heavily on the poor have been eliminated and a tax on property submitted, the first attempt at a direct tax in Santo Domingo, the report said.

As a result of the financial rehabilitation of the Republic the floating debt has been liquidated, and indications are that the \$20,000,000 loan of 1908 will be paid off by 1925, more than thirty years before maturity the Governor reported. A revision of the tariff system has resulted in a 70 per cent increase in imports and added customs collections, he added.

Much graft, dishonesty and inefficiency in government offices has been eliminated and the money saved thereby has gone toward building schools, roads and public buildings, port improvements and sanitary arrangements, the report said. Of the 200,000 children 130,000 have been supplied with schools, normal college, manual training and domestic science courses.

Great improvement has been accomplished in the highway system, the Post Office department and the harbors under the American flag, the report continued, adding that before the government should be turned over to the people all these projects should be completed, a basic civil code of justice promulgated, preferably that the United States, and the boundary line between Hayti and Santo Domingo permanently established by arbitration.

SEEK POWER TO DESTROY STOCK OF U. S. LIQUOR

Enforcement Officials Will Ask Next Congress to Act on Subject

FIFTY MILLION GALLONS

Washington, Aug. 20.—Federal prohibition officials here have decided to ask congress to destroy 50,000,000 gallons of liquor stored under bond.

Prohibition Commissioner Kramer is convinced that 100 per cent prohibition cannot be achieved while bonded warehouses, packed to capacity, exist in all sections of the country as continual temptation to law violations. More than \$500,000 worth of bonded booze was stolen last week. Most of it was taken by highwaymen, who held up trucks in which it was being transported from one warehouse to another. In several cases battles ensued between the highwaymen and the whiskey truck

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

guards, with the result that the guards were wounded. Most of the liquor now being sold illegally in many big cities came out of the bonded warehouses in some mysterious manner, prohibition officials admit. Federal guards are maintained at many of the liquor storage houses. Officials are also finding it almost impossible to prevent the forging and misuse of permits for the purchase of bonded liquor. If the bonded liquor were destroyed this big difficulty would be removed, officials argue. Without liquor in storage anywhere in the country, prohibition enforcement would be a matter only of guarding against smuggling and illegal manufacture or moonshining.

Federal prohibition officials now have no authority to destroy confiscated booze, except where law violations are detected. They will put the plan of disposition of the vast stores up to Congress when it convenes in December. This may prove the beginning of a new wet and dry fight. It should provide a new test of strength of the opposing forces, which are expected to clash within a few months on the question of modification of the Volstead law.

The bonded liquor is worth at least \$250,000,000, or at least \$5 a gallon, according to present bootleg prices, but many drys point out that the liquor originally costs its owners much less than \$5 a gallon. Hundreds of owners bought warehouse certificates, drys say, after the states ratified the prohibition amendment. The drys contend that the public purse should not be "looted" in this fashion. Under the prohibition laws the liquor may not be exported and its sale may be permitted only for non-beverage purposes. Drys say that twenty-five years must pass if the liquor is to be sold legally for non-beverage purposes. They argue, therefore, that the whiskey has very slight market possibilities and can be worth only a small fraction of what it originally cost to manufacture.

LISBON BOOZE JOINTS OBJECT OF BIG RAIDS

Federal and State Officers Combine, and Find That Liquor Was Sold Openly

COUNTY JUDGE RESIGNS

News of success of a combined raid by federal prohibition officers and agents of the state license department in Ransom county was received in reports made to the license department today.

Several stills were found and many arrests made for violations of the license law in raids in and near Lisbon. The total number of arrests made reach 40.

Liquor was being sold openly at a dance in the country near Lisbon, according to the report. Officers visited the place, and found that liquor, manufactured in a still nearby, was being sold at the dance. Revolvers were drawn by several men at the dance when the officers made themselves known, but the federal officers also drew their guns and the other men capitulated.

Numerous reports had been received of violations around Lisbon, and the raid was well planned in advance. The license department inspectors were rounding up pool halls and others who had not taken out state licenses or who were violating the law.

There being no federal commissioner near, the warrants were obtained before County Judge Forrest Thomas. A couple of the men are said to have gotten away after the warrants had been issued, and the agents said they found the informant of the men.

Judge Thomas resigned after the raid, it was reported, but no official reason was made public as to why he resigned. He was elected county judge with enlarged powers, and was renominated in the recent primary, with Nonpartisan league endorsement.

STATE BAR WILL END CONVENTION THIS AFTERNOON

Jamestown, N. D., Aug. 20.—The North Dakota Bar association will end its annual convention here this afternoon. The convention was opened yesterday by Theodore Koffel, of Bismarck, president of the association.

The main feature of today's meeting was an address this morning by Judge Riddell of Canada. A big banquet was held last evening, at which time addresses were made by Peter W. Meldrim, A. M. Christensen, J. E. Green, and S. D. Adams. After the receiving of the reports of the general committees this afternoon, and the election of officers for the ensuing year the convention will hear an address on "The Bar Board," by Hon. R. Goer.

Leaves for Canada Miss Ursula Nolin, who has been visiting her aunt, Mrs. Emma Campana, of First street, for several months, left yesterday to resume her studies at the convent of St. Boniface, Canada.

Only 48 persons out of every 1000 population reach the age of 60 years.

TOURIST CAMPS DOT RED TRAIL THROUGH WEST

Phil Meyer Tells of Conditions Along the Route to Pacific Territory

SERVICE FREE A FEATURE

P. J. Meyer, who returned this week from a motor trip to the coast, tells many interesting things about the tourist camps established by the cities and towns along the Red Trail.

"Practically every town and city from here to the coast has its tourist camp," he says. The idea has spread clear across the country in a remarkably short time.

"At Wallace we found at tourist camp established in the court house yard. A caretaker was there to look after the camp. He said that the night before there were 35 cars parked in the camp. The last two were unable to get their cars into the park, but they pitched their tents there.

"In one side of the court house were built in bath tubs and shower baths. A shed had stoves for cooking. It was some camp all right.

"In one county along the route the people had installed telephones every little ways along the road and if any motorist had trouble he could phone into a certain number and a service car would come out and get him—all free of charge.

"All of the camps were equipped with drinking water and sheltered places for cooking. Even the small towns now have a tourist camp and everywhere along the road people were making use of them.

"Naturally the cars seen along the road are varied. Some of them have very unusual contraptions hanging around.

"But Bismarck's camp is on a par with any of them," Mr. Meyer asserted.

PUT \$100,000 IN-TO TREASURY TO MEET PAYMENTS

The Bank of North Dakota has transferred \$100,000 to the state treasurer to be used to meet the interest on state bonds bank series, dated on January 1 and July 1. It is announced by W. A. Anderson, secretary of the Industrial Commission, interest in the amount of \$50,000 will be due January 1 and \$50,000 on July 1.

This will obviate the necessity of making a tax levy to care for the interest, it is stated. Two million dollars in bonds for the bank series were authorized bearing 5 per cent interest.

MARKETS

SOUTH ST. PAUL LIVESTOCK
South St. Paul, Aug. 20.—Hog receipts, 1,600. Steady to 25c lower. Range, \$13.50 to \$15.00.
Bulk, \$14.00 to \$14.10.
Cattle receipts, 1,600. Killers steady. Fat steers, \$6.00 to \$16.00.
Cows and heifers, \$5.50 to \$12.50.
Calves, steady, \$4.00 to \$12.75.
Stockers and feeders, slow, \$4.00 to \$11.50.

SEA FREIGHT RATE TO DROP

New York, Aug. 20.—Although cargo ships were selling at about \$175 a ton six months ago, they now command only \$72 a ton, Robert Dollar of San Francisco, president of the Dollar Steamship Line, said on his arrival here from England on the Cunard liner Caronia.

There is a great future for the

American merchant marine, the shipping man said, provided the government will back it by laws which will permit American ships to compete with other countries. There are now laws on the statute books, he said, which will be harmful to our new merchant marine in competing with ships under other flags. England is our chief competitor, he declared.

The drop in the price of steamers, indicating more ships than business, will cause freight rates to topple to a starvation basis and competition will get keener and keener. As an instance he said the rate on timber from Canada to England a short time ago was 200 shillings a ton. Competition now has forced this to 100 shillings a ton.

PROMINENT MEN ATTEND CHAPMAN FUNERAL TODAY

Cleveland, O., Aug. 20.—Funeral services were held here today for Raymond Chapman, shortstop of the Cleveland American league team who died in New York Tuesday morning following an operation for a fractured skull suffered in the New York-Cleveland baseball game.

Mayor Fitzgerald, B. B. Johnson, president of the American league, and James C. Dunn, president and the entire Cleveland team, were at the services. Three of the Cleveland team, Manager Tr's Speaker, Steve O'Neill and Joe Wood were among the pallbearers. Messages of condolence and sympathy were still being received.

LEPER DEPORTED IN PULLMAN CAR

Minot, N. D., Aug. 20.—A leper, said to be a citizen of Italy, passed through Minot in a private car on his way to an Atlantic port where he will be transported to Italy.

The only other occupants of the car were two federal physicians, who have the man in charge. The car was chartered by the government to transport the man and no one is permitted to enter except the physicians. The man came from some point on the Pacific coast and being an alien must be sent to his native country.

CRUSOE'S ISLAND AS A PARK

Chilean Government May Make a Pleasure Resort of Castaway's Home.

Honolulu, Hawaii.—Robinson Crusoe's cave may soon be converted into sleeping quarters for globe trotters, according to Prof. W. A. Bryan, vice-president of the Hawaiian Historical society. The Chilean government, Prof. Bryan said, is considering creating a national park and tourist resort on the island of Juan Fernandez, famed as the abode of Alexander Selkirk, the shipwrecked sailor, on whose castaway career Daniel DeFoe based his novel.

Modern hotels and other attractions would be erected on the island, according to plans being considered. The beauty and verdure of the island, Mr. Bryan says, is similar to the oldest part of the Hawaiian Islands.

Two nights were spent by Prof. Bryan recently in Selkirk's cave. He is at present in the south seas seeking proofs of his theory of a submerged continent in the Pacific.

No Bath for 15 Years, Man Released.

Declining to bathe, two inmates of a workhouse in London, Eng., were denied their tobacco ration. One of them said he had lived in the house for 15 years and hadn't had a bath in that time. The authorities ordered his release.

The average life of a man is 31 years.

Five Reasons Why You Should Take Chiropractic Adjustments

1. Because Chiropractic is the only non-therapeutic method today that considers the actual basic cause of disease and eliminates that cause. If you had a plant that was sick and puny because it was not getting sufficient sunlight, what would you do? Would you gather a cluster of electric lights and try to stimulate its growth by giving it something unnatural, or would you take away the obstruction that shaded it? Under which condition would the plant thrive most? The answer is obvious. By letting the sunlight to the plant you are doing the same thing that the Chiropractor does when he adjusts your spine and permits a normal expression of nervous energy in the tissues of your body.

2. Because Chiropractic is not founded on superstition and nourished on credulity. Your Chiropractor can give you an explanation of why he adjusts the spine so that you or any other reasonable individual can understand it. His reasons are not founded on partly solved problems, but upon facts that are reasonable and must appeal to every logical person.

3. Because the record which Chiropractic has made as the youngest non-therapeutic method is, in itself, ample proof of its effectiveness. With 10,000 Chiropractors in the United States alone; with over a million people in the United States taking adjustments daily, it cannot be logically argued that this is a fad which will fade in a day. No science, however well advertised, or cleverly explained, could have gained this vast following without a vast amount of merit being contained in its principle. Conservatives may argue that whoever takes adjustments is exercising poor judgment; but the fact remains that the great mass of American people possess fairly level heads and clear judgment. With one million minds in accord with the Chiropractic principles, it must possess a large amount of essential merit.

4. Because the only way to regain health is the natural way. A Chiropractor adds nothing to nor takes anything from that system which God has made as a perfect, co-ordinate whole.

5. Because the results which the Chiropractor attains are permanent results, and this because the cause of your disease has been removed. Cover up the symptoms and the expression as much as you will, the results can only be temporary, so long as the cause remains.

LANGER RULING VINDICATED BY BUREAU CHANGE

Had Held That Threshing Outfits Were Exempted From Compulsory Insurance

BUREAU HEADS DIFFERED

Reversal of the ruling that threshing outfits take out compensation insurance vindicates an opinion given by William Langer, U. S. senator, in 1917. When the question was first raised Mr. Langer gave his opinion that threshing outfits should be classed as "agricultural service" and therefore exempted from the provisions of the act. The workmen's compensation bureau, after supreme court decisions in some other states had been made to the effect that threshing outfits could not be classed as agricultural service if they did not work on farms other than their own, held that threshing outfits should be required to take out insurance.

His ruling has now been reversed by the bureau, and threshing outfits may obtain refunds of the money paid in insurance. It is estimated by officials of Mr. Langer's office that there are 15,000 threshing outfits in the state and that an average of \$200 insurance each would have been paid by each of them under the compulsory ruling.

Many farmers had consulted lawyers and had spent money in making trips to Bismarck. Many had paid \$100 which now must be refunded.

Answering the letter of a threshing outfit on August 16, Mr. Langer said:

"The workmen's compensation bureau has specifically exempted from the compulsory feature of the act 'agricultural services.' It has been the intention of this department that the operation of a threshing machine—within the term 'agricultural service.' However, we are informed that the workmen's compensation bureau held otherwise, so that as threshing machines which are operated separately from the land of the owner are said machines."

COMPLETE PLANS FOR ODD FELLOW PICNIC SUNDAY

Members of Rebekah Lodge Will Join in First Annual Picnic of Orders

Plans are complete for the first annual picnic of the Odd Fellows and Rebekahs, to be held Sunday afternoon at Fort Lincoln. Several hundred members of the orders are expected to attend.

All Odd Fellows who have automobiles are asked to have them at the hall on Fifth street between 12:30 and 1 p. m. Sunday, to help transport the crowd to the fort. Members of the orders will take with them well-filled baskets, and a picnic lunch will be served on the fort grounds at 6 p. m.

Refreshments will be served during the afternoon, and amusement will take many forms. The children will have access to the gymnasium. As this is the first picnic of the orders, members of the committees in charge of the event are especially anxious to have a large crowd present.

EXPRESS COMPANY ASKS INCREASE

The American Railway Express company, whose petition for increase of rates within the state will be heard by the state railroad commission on Sept. 10, asks an increase of 15 per cent. This is the same increase granted by the interstate commerce commission which allowed a 12 1/2 per cent. on interstate business. The express company also will ask an additional increase to cover the recent wage awards it is understood.

NEED THRESHING LABOR IN STATE

Several thousand laborer to help with the threshing will be needed in the state this coming week. H. C. Paderbaugh of the federal employment bureau stated this morning.

"The state is short of help for the threshing," he says. "We can use more men right along now."

The Sioux City employment office had one man go through this fall who was helping with the North Dakota harvest for the fourth year. Fourteen men went through that office who were coming to help in the harvest fields for the twentieth time.

The Protestant Episcopal church dates as a separate ecclesiastical institution only from 1789.

You Get a Fine Colored Map of Poland

In addition to unusually entertaining and instructive articles treating the Polish-Bolshevik War and the new Russian policy of the United States this week's number of THE LITERARY DIGEST, dated August 21st, will have a full-page colored Map of the new Republic of Poland.

This Map shows the old, the new, and the provisional boundary lines; also railroads, canals, cities and towns. It has a timely interest and value and is even worth preserving because of the fierce struggle that is taking place over the territory shown between the forces of Soviet Russia and Poland. With the aid of this Map one can follow more intelligently the shifting battle-front which, at present writing, menaces Warsaw.

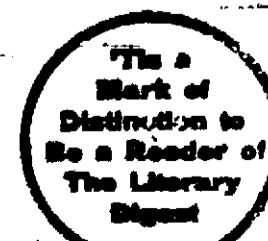

Striking news-articles in this fine number of THE DIGEST are:

TRIBUTE TO JENNY LIND, FAMOUS SWEDISH SINGER, TO BE PAID OCT. 6

Will Mark 110th Anniversary of Swedish Nightingale Whom P. T. Barnum Brought to America for Tour

New York, Aug. 21. America will pay tribute to Jenny Lind on October 6, the one-hundredth anniversary of the birth of the Swedish Nightingale whom P. T. Barnum brought to this country in 1850 on her spectacular concert tour of nearly two years. The centennial is to be commemorated throughout the music-loving world. In Sweden, in England and in other countries where she sang, fitting plans are under way to honor the greatest singer of her time—the fine, noble-hearted woman, whose charity was as rare as her art.

Her admirers in New York city will celebrate the event in a unique way. They will give an historical concert—reproduce the first concert Jenny Lind gave in this country, bringing back the stage picture and atmosphere of that memorable night of September 11, 1850. The same program will be given. The proceeds of the concert will be given to the same charitable institutions to which Jenny Lind gave the proceeds of the original concert.

Frieda Hempel to Sing.
Frieda Hempel will appear in the role of her famous predecessor. She will wear an exact copy of the gown worn by the nineteenth century diva; will sing the same arias, and play her own accompaniments to the same group of songs on the same piano.

Jenny Lind played them a piano photographed by the Swedish Nightingale on the night of her debut.

The concert will be given in Carnegie Hall on the evening of October 6. Castle Garden, the scene of Jenny Lind's first American triumph, has been transformed into an aquarium and thus is deprived of the honor of housing another memorable audience.

It is contemplated to hold a centennial exhibit, however, in the old circular building in Battery Park from October 1 to October 10. Many of Jenny Lind's personal belongings and interesting relics associated with her will here be shown. The old concert grand piano will have its place of honor.

On the afternoon of October 6, the park commissioners of New York City will present to the Aquarium a marble bust of Jenny Lind and a portrait of the famous singer, both made of her when she was in this country.

Other American cities where Jenny Lind sang are arranging to celebrate the day.

Born in Stockholm.
Jenny Lind was born in Stockholm of humble parents. She sang from childhood and famous teachers became interested in her. At 12, her voice entirely failed. Four years later it came back and a remarkable career began. Her first operatic role was Alice in Meyerbeer's "Robert le Diable." Having been acclaimed in her own country and in Norway, she married her conquests to the continent and to England.

She was probably the most talked-of person in public life in all Europe when Barnum, without having seen her or heard her, persuaded her to make a tour of the United States. No sooner was the contract signed than he was impressed, according to his autobiography, "begin to prepare the public mind for the reception of the great songstress."

Steamer Saluted.
The steamer Atlantic that brought her to this country, was saluted at Sandy Hook and again as she plowed up the Narrows. Forty thousand people assembled at the landing and the surrounding hills to greet her. Triumphant arches marked her pathway. Crowds surged around her hotel and clamored for her appearance. Auctions for the sale of tickets brought thousands of buyers. Jenny Lind, "the Mail Hatter" they called her, paid \$223 for the first New York ticket. His unheard-of extravagance made him famous. The highest price paid for a single ticket was in Providence, where the bit of pasteboard was knocked down to Colonel Ross for \$650.

The Nightingale gave about 135 concerts in this country more than 15 in New York city. Everywhere audiences fought to gain entrance to the concert halls. Everywhere they stormed her with applause—and everywhere admirers and charity seekers besieged her. Extra concerts had to be given to satisfy the throngs—and Jenny Lind herself added more extra concerts for charity.

People prominent in public life paid her great honors. Mayors and governors presented their compliments in person.

Broke Contract.
Jenny Lind broke her contract with Barnum with 55 concerts yet to sing—but the great showman and the Nightingale parted friends. While visiting in Boston, she was married to Otto Goldschmidt, composer and pianist, and shortly thereafter returned to Europe. In 1858, she took up her residence in England, where she died in 1887.

There is no record of Jenny Lind's voice. But the journals of her time, the few living people who heard her and those to whom the memory has been handed down all tell the same story—"It was wonderful."

ESSEX WINS THE COVETED RECORD ACROSS COUNTRY

Makes Trip in 4 Days, 14 Hours and 43 Minutes, Carrying U. S. Mail

Essex now holds the coveted transcontinental record. On August 9th an Essex five-passenger touring car reached New York from San Francisco covering the distance of 3347 miles in just 4 days, 14 hours and 43 minutes, beating the best previous record of another car by 12 hours and 43 minutes.

At the same time an Essex traveling from New York to San Francisco

of first class mail and every driver was, in the eyes of the government, a postman, properly sworn in and under bond to the government.

The cars were not driven at any point, by professional drivers. The entire trip was supervised by Essex route and they furnished drivers from their own organizations. In all, probably 2 drivers took the cars across the continent, which is an even greater testimony of the performance and reliability of the car.

The second westbound car was diverted from its route on the way to San Francisco long enough to establish a new record from New York to Chicago of 24 hours, 43 minutes and 50 seconds, beating their best previous record by over two hours.

The Bismarck Sign Co.

ESSEX San Francisco to New York **4** Days 14 Hours 43 Minutes
3347 Miles

Lowers Transcontinental Record by 12 Hours 48 Min. Another Essex Going From New York to San Francisco Broke the Record For That Direction by 22 Hours 13 Min., Completing the Trip In 4 Days 19 Hours 17 Minutes

So Essex Holds the Transcontinental Record Both Ways

Two Essex touring cars, carrying U. S. Mail, each one making the entire trip between San Francisco and New York, have set the time records for their respective directions across the American continent.

And thus comes to Essex another distinction for reliability and endurance.

Except for one airplane record, these two Essex cars have crossed the continent in less time than was ever recorded by any travelling machine. The fastest time possible between San Francisco and New York by train is slightly less than the time taken by the light weight economical Essex. But in the case of the railroad train, many different locomotives are used, each pulling the train only a few hundred miles.

From Cheyenne to Omaha the route taken by the Essex was 43 miles longer than the 550 mile route of the famous Overland Limited yet the Essex time was but one hour longer than the express train time.

The World's Most Coveted Records

From the days of the Prairie Schooner, the Pony Express and the completion of the railroads men have sought to establish new transcontinental time records between the Atlantic and Pacific oceans.

It has called for the highest development of skill and courage. And it has, as in the case of the motor car, blazed the way to mechanical reliability.

The purpose of this Essex test was to prove its reliability. In the period of 114 hours was crowded more strains, more calls for endurance and mechanical strength than the average owner demands in a life time.

Every requirement of motor car performance was met by these two cars. And the fact that they so consistently met their tasks proves Essex uniformity.

The speeds at which they traveled were not so unusual, for another Essex stock car had on a speedway track gone 3037 miles in 50 hours. But in the transcontinental runs, some 350 cities and towns had to be crossed. Crowded traffic imposed its obstacles to consistent going. Mountain ranges in the East and West with grades such as the average driver never encounters, called for the utmost of hill climbing ability.

Few will ever motor all the way across America and therefore cannot know the extreme varieties of conditions encountered. But let each reader apply to his consideration of what Essex has done, every experience he has ever met in his own driving. It will give some appreciation of Essex reliability.

Light Weight Now Establishes Reliability

How gradual have men come to a realization that a light weight car can also offer reliance and performance.

Essex has led the way for that was its purpose from the very first. Economy is of growing importance. Men want to save in fuel and in first costs. But they want no sacrifice in performance and they demand unquestioned reliability.

Essex offered itself to the public without claim. Now more than 40,000 owners know and praise its worth.

Owner cars that had been driven upwards of 25,000 miles were used in the recent nationwide Essex week to establish reliability, economy, speed and hill climbing records.

To Essex owners the winning of the transcontinental records is not a surprise. But those who do not know Essex performance and reliability must regard that these two trips across the continent are as important in marking mechanical advancement as any similar event in the history of the motor car.

Master Anna Dalha, of Carlyle, Mont. Mrs. August Kolbe of Krem and Master Kenneth Threlk have been discharged from St. Alex is hospital

Antonio Scotti Brings to West a Galaxy of Metropolitan Opera House Stars

Many Bismarck lovers of grand opera are planning to go to Fargo on September to attend the performance of the Scotti Grand Opera company, brought to North Dakota by Mrs. W. F. Cushing. The company contains a notable cast being selected from the Metropolitan Grand Opera at New York for a coast to coast tour

Only two cities in the state will be visited. Performances will be given in the afternoon and evening in Fargo, and the company will then go to Grand Forks for performances

Included in the repertoire of the Scotti Grand Opera company is "L'Oracolo," a one-act opera, "La Boheme," and "Il Pagliaccio"

Headed by the celebrated Antonio Scotti, the world's greatest baritone, the principals include some of the brightest stars of the Metropolitan Opera company of New York, among them Florence Easton, Jeanne Gordon, Evelyn Ketter, Orville Harrell and Morgan Kingston. In addition the chorus, men and women, and even the orchestra of over forty men, comes to us from that greatest of opera houses, the Metropolitan. Grand Opera will be given just as it is given on the stage of that great institution, world famous for the brilliance and finesse of its performance

Nineteen of the 23 artists with the Scotti company are members of that organization in New York, and are among those who have received the plaudits of the discriminating New York audience and have risen to fame during the past few seasons

For many years three names have stood out as synonymous with "delight" to the musical public, Curcio-Scotti-Farrar. Of the other singers a score or more who have attained fame at the Opera House of recent years are actually less in New York. Of these Mr. Scotti has secured the most distinguished, and many of the operas given by him on tour will be with practically the same cast as when given at the Metropolitan during the regular season

Stately Woman Here.

Miss Dorothy Jones, of Steele, visited here yesterday and today

Visits Here.

N. A. Reed, of Underwood, was a visitor in the city yesterday and today

Editor in City

R. R. Ramsey, publisher of the Kenai Progress and commanding officer of his legion post, was here today to greet Commander D'Oller.

Guests East

Dr. W. E. Cole, 51 Avenue C, has gone east on a trip. While there he will visit an eastern dental clinic and on his return he will stop at Rochester, Minn., and visit the Mayo Dental clinic

STATE CAUGHT IN SUGAR SLUMP

The state got caught in a sugar slump today. Recently a carload was purchased at 25 cents a pound, the total cost on car being in the neighborhood of \$20,000

State Auditor Kositzky pointed out today in auditing the bill that

the sugar could be purchased on today's market for 16 1-4 cents a pound

"The order was placed by the board of administration," said Mr. Kositzky today for future use. The tax payers can figure what the plunge into the sugar market has cost them

New York has a bank which lends radium to hospitals

CITY SCHOOL NOTICE

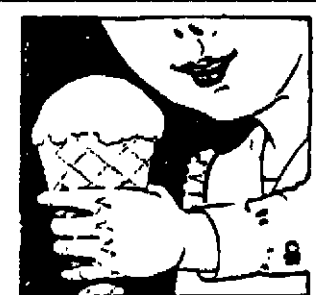

Patrons of the Bismarck City Schools will please take notice that the schools will open on the morning of September 7. A general teachers' meeting will be held Monday, September 6, at 2 p. m., which all teachers, supervisors, principals and assistants are required to attend. The new building will not be ready for use before October 15, and until then we will be somewhat crowded in some of the rooms. Please start children the first day if possible.

J. M. Martin,
City Superintendent,
Phone 285 or 835.

CARD OF THANKS

We wish to thank our friends and the local Knights of Pythias Lodge for the attention and kindness shown us during the sickness and death of our beloved husband and father, and we also most heartily thank them all for the lovely flowers sent before and after his death.

(Signed) Mrs. Wm. Pennell and Family.

ICE CREAM

Our ice cream is so deliciously tasty with all the rich flavoring of fresh fruits. It's your safest summer food—it's more cool and refreshing than drinks of deleterious coloring matter or solid meaty foods that generate heat and tax the digestion

Our Own Home-made Brand

It's pure ice cream, sanitarily prepared and served and highest in food value for children or adults. Learn the satisfaction of eating the best

REAL ESTATE BARGAINS HOUSES FOR SALE

The following are sensible houses for sensible people. Now is the time to buy a home on account of the scarcity of houses. In sixty days from now it will be almost impossible to buy a house, say nothing of renting one. This is the gospel truth. These houses can be bought on easy terms:

(No. 219) House of 8 rooms and bath, modern throughout. Hot-water heating plant; excellent location; east front; lot 100x150 feet. This could not be replaced for \$15,000. Price, \$8,500.00

(No. 221) Double house of 5 rooms and bath, heating plant and coal range on each side. Rents for \$62 per month. Rent one side and live in the other, wake up some morning and find your home paid for. One block from car line. A bargain at \$3,500.00

(No. 223) House of 10 rooms and bath; best maple floors downstairs; hot water heat; large lot; large garage, and a 2-room house in the rear. This is one of the best young house propositions in the city. Good location. A beauty and a bargain at \$6,500.00

(No. 225) House of 5 rooms, not modern; lot 100x150 feet. Four blocks from post-office. Lot alone worth what I am asking for entire property. Price \$2,600.00

(No. 227) Two houses, partly modern, on corner lot. 75x150 feet; garage. This property is cheap at \$5,000. For quick sale \$3,600.00

(No. 229) Partly modern house; east front; large lot; barn. 5 blocks from post-office. Bargain at \$2,500.00

(No. 231) House of 7 rooms, modern throughout; south front; good neighborhood and surroundings. Located on Avenue C. This is a genuine bargain at \$5,000.00

(No. 233) Modern house of 5 rooms and bath; excellent location and a real bargain at \$2,750.00

(No. 235) Partly modern house of 5 rooms; large lot; nice trees; 3 blocks from post-office; good neighborhood. Big value at \$1,700.00

(No. 237) Modern bungalow of 5 rooms and bath; east part of city. This is a little beauty, and is a bargain at \$2,850.00

(No. 239) House of 5 rooms; deep well; chicken house. 5 acres of land. This is the way to reduce the high cost of living. A genuine bargain at \$3,000.00

If you don't see what you want on this list, please call at the office

THE STATE'S OLDEST NEWSPAPER
(Established 1878)

WELCOME, MR. D'OLIER!
Bismarck today welcomes Franklin D'Olier, Commander of the American Legion.
We shall be disappointed if Mr. D'Olier does not find himself agreeably surprised at the activity of the American Legion in North Dakota and the character of its selected leaders. The people of North Dakota have a high opinion of the American Legion. The opinion is not the result of sentiment alone—the legion has proved its worth to the state as its members proved their worth to the nation during the world war.
People of the state have come to look upon the American Legion as a balance wheel. Composed of men who have in the army camps or on the battle-field been impressed far more than can be the ordinary citizen with the practical lessons of patriotism and duty to one's country, men who are looking ahead in life and want the principles they learned in time of stress preserved and inculcated in the nation, naught but progressive and firm action upon these principles could be expected.
Under Mr. D'Olier's leadership the American Legion has attained a remarkable growth over the entire country. He has steered the ship through the perilous waters of the formative period. He has kept the Legion in the straight path. He has prevented attempts to divert the Legion's influence to selfish objects.
With firm and wise guidance, the scope of the Legion's influence for the good of the nation is unlimited.

AUTUMN
Summer slips swiftly on. Before one realizes it September will be here. And with it autumn, wonderful season of the year.
The dreamy drone of the lazy locust will be supplanted by the chatter of the nut-gathering squirrel. The clear, cloudless days of now will pass and the smoky, hazy days of fall, with the coppery sunset, will succeed them. Nature will soon be at her best.
Indian summer days portend the nutting season, bins bursting with garnered wheat, stubble fields in which Bob White fattens, and row upon row of tepees of corn shocks, their golden ears stripped and in piles, waiting for the wagon.
The calendar says the autumnal change begins on September 23. Nature herself may make another decision. She doesn't always run true to form. At any rate, the fall is a comfortable season, for then the American farmer "cashes in," business in the cities starts to move along more briskly, and there's pep and push and vinegar in the very atmosphere. Autumn supplies a tonic for lagging summer brains.
An open porch for political purposes makes it dangerous for secret views.

It's no fish story; the village of Carp, Ontario, was wiped out by fire.
When a man becomes famous he can always find a movie star to pose for him.
Pullman porters are wondering if the railroad rate commission said anything about tips.
The communist's theory that one has the right to take what he has not earned has made many a man sleep in jail.

Those five German warships would have stirred things up more if they had sailed into New York harbor three years ago.

EDITORIAL REVIEW
Comments reproduced in this column may or may not express the opinions of The Tribune. They are presented in order that our readers may have both sides of important issues which are being discussed in the press of the day.
HOW DO THEY LIKE IT?
The official Townley organ publishes approvingly the rumor that J. W. Brinton had a cheerful habit of buying newspapers for 50 and 75 cents on the dollar and selling them to the Publishers' Service Bureau and the farmers for 100 cents on the dollar. It is quite generally understood that Mr. Brinton did just that thing. The farmers are the people who put up the additional price in order that Brinton might reap his profit.
How do they like it?
Brinton was the main promoter of the newspaper law, and that law had the approval of Townley and his cohorts, including Lemke, president of the Courier News company and candidate for attorney general of the state. The farmers of the state were assured by these worthies that this was a beneficial law which would save them money. On the confession of the Courier News it develops that the man who was being used as an instrument for putting over this legislation was plotting a grand slaughter of the innocents in order that he might put money in his own purse.
How do the farmers like it?
Members of the legislature who were committed to the "farmers' program" were told that this newspaper legislation was necessary in order to insure the profitable existence in every community of newspapers committed to that program in order that it might be set forth in the proper light, and that popular support for it might be assured. They were told that the proper carrying out of the mill and elevator program, and the banking program, and the home building program, and all the rest of it, depended on the enactment of this law. Enough of the legislators voted for the law to pass it. They find now that the chief use that has been made of the law is to enrich its promoter, whose character and methods were then as now well known to Townley and Lemke, who at this time are pouring out vials of wrath upon him. The League legislators were hoodwinked and horn-swoggled; Brinton got the coin; Townley is biting his nails; Lemke is shouting "crook."
How do the League legislators like it?
And how do the plain people of the state like the manner in which their pockets have been picked and their affairs mismanaged in order that one of a tribe of bloodsuckers might be fattened?
How do they all like it?—Grand Forks Herald.

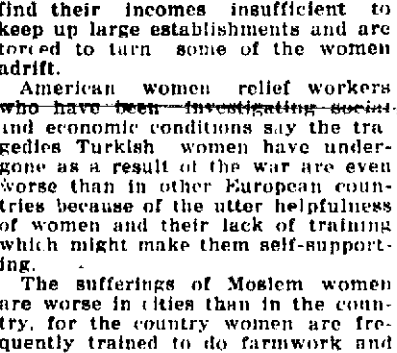

THE WIZARD NO MORE.
The exposure of Ponzi ought to be educational to the American public. The rule has been laid down, and experience has amply attested it, that people everywhere should beware of the "get-rich-quick" scheme. Most Americans give it a certain lip endorsement, but, put to the test, they fall away in large numbers.
No experienced financial man failed to appraise the Ponzi plan at a glance. Yet thousands of persons, who should have known better, threw their savings into his keeping. The scheme sounded plausible. Dividends were paid for a time, but the inevitable "catch" appeared, and now Mr. Ponzi appears to be just about \$8,000,000 the other side of the ledger.
It may have been just as well that the "wizard" was not exposed at once. He occupied the front page for many days, with a status still unfixed. He became the object of a national debate. Hard-headed people mostly described him as a fake and a bankrupt; sentimental ones as a "hero" and a wizard. Countless thousands who did not invest a cent in his enterprise invested in him to the extent of believing in him. Now they have lost this latter investment. The rude awakening given them by the denouement may cause them to go much more slowly before they endorse another "get-rich-quick" artist.
So rarely does it happen that one of these "get-rich-quick" schemes succeeds that the average person ought to ignore them altogether. Fortunes that stick are not made that way. Ponzi should prove a disillusionment to the gullible section of the American public.—Minneapolis Tribune.

THE WATER HAS VANISHED.
(Written Before Rate Increase)
When Senator La Follette eight years ago put through a measure providing for an official valuation of all railroad property he did it on the presumption that railroad securities were grossly watered, and that when the facts was exposed by this valuation rates would be greatly lowered.
Probably most of us thought as he did. Certainly the Herald did, it must confess; and it approved the La Follette plan because it expected, as he did, that lower freight rates would result.
But La Follette was mistaken, apparently; as badly mistaken as he was when he picked his side during the war.
The surveys have been completed on fifty roads and the result may be safely taken as forecasting the result for the whole country. The analysis shows that these fifty roads could be reproduced—based on 1914 prices, be it remembered—only for a sum \$54,505,000 greater than that carried in the investment accounts of the companies themselves. Thus, instead of being overcapitalized, as Senator La Follette believed them to be, on the whole they appeared to be undercapitalized. And if the figures were based on 1920 values instead of those of 1914, of course, the disparity would be even greater in favor of the railroads.
Obviously, this is going to have a bearing on the interstate commerce commission's decisions on freight rates, and therefore it means higher rates.
For that, probably, the country is prepared. The wave of hostility toward the railroads—which railroad managers fully earned and justified by their wanton exercise and abuse of political control during a generation—has passed. The average American, while just as bitterly opposed to letting the railroads run the country as he ever was, probably is reconciled now to these views: That railroad equipment and service must be brought up to the highest standard and kept there; that railroad labor must be adequately paid; that capital invested in railroads must be fairly compensated so that capital for extensions and upkeep will always be available; and that rates must be maintained on a basis that will make all these things possible.—Duluth Herald.

OLD HIGH COST IS DISRUPTING TURKISH HAREMS—WIVES TOO COSTLY
Many Are Turned Adrift and American Relief Workers Plan Aid for Turkish Women
Constantinople, Aug. 21.—Nowhere has the high cost of living been felt more keenly than in Turkish harems. Men who were formerly able to maintain many wives and concubines find their incomes insufficient to keep up large establishments and are forced to turn some of the women adrift.
American women relief workers who have been investigating social and economic conditions say the tragedies of Turkish women have undergone as a result of the war are even worse than in other European countries because of the utter helplessness of women and their lack of training which might make them self-supporting.
The sufferings of Moslem women are worse in cities than in the country, for the country women are frequently trained to do farmwork and are an asset to their husbands rather than a liability. Furthermore the economic conditions have not been disturbed so seriously in rural districts. Farming goes on much as usual. Women can find employment in olive groves, at silk culture, in fruit orchards and even in grainfields.
Forced to Work.
Since the war has robbed so many women of the husbands, fathers or other male relatives upon whom they were dependent, many city women have forced themselves into employment which was never before regarded as proper for Moslem women. Turkish women with their veils thrown back from their faces may now be seen as saleswomen in scores of Constantinople shops. They are even employed as street sweepers.
There has been a great outcry against Moslem women accepting employment which forces them into association with men, especially Christian men, but the economic pressure has been so strong that religious prejudices had to make way. The need for nurses in the army gave Moslem women their first opportunity to get hospital training and become nurses. That was the entering wedge which has opened the way into other employments monopolized by Greek and Armenian women. Turkish women may now be found in telephone exchanges. They are acting as cashiers, janitors and even street car conductors.
Win Independence.
Stern necessity has won for Turkish women an independence which was unknown of six years ago, and the wail of the untrained women, forced to earn their livelihood has aroused Turkish leaders to a realization of the necessity for better and more practical education for women.

AS IT LOOKS TO ME
Washington, Aug. 21. No more mild tempered, Christian gentleman holds a seat in the United States than George W. Norris, senator from Nebraska. It takes an active imagination to picture Norris shoving a gun under the nose of a blustering frontier town bully, making him stick up his hands and then treating him to a magnified dose of profane abuse such as the bully had been bestowing upon him.
But that is what happened, it seems, from an anonymous article entitled "A Senator's Story," recently published in the Saturday Evening Post. Although the article in question nowhere divulges any close clew to just what United States senator wrote it, I happen to have heard Norris recount some of the incidents

Luxuriant Hair Promoted By Cuticura
Cuticura kills dandruff, stops itching, the cause of dry, thin and falling hair. Treatment: Gently rub Cuticura Ointment with the end of the finger, on spots of dandruff and itching. Follow next morning with a hot shampoo of Cuticura Soap. Repeat in two weeks. Nothing better than these fragrant, super-creamy emollients for all skin and scalp troubles.
Cuticura Talcum Powder
Do not fail to test the fascinating fragrance of this exquisitely scented face, baby, dusting and skin perfuming powder. Delicate, delightful, distinguished, it imparts to the person a charm incomparable and essential to leadership. For sample of Soap, Ointment and Talcum free, address postcard "Cuticura, Dept. 167, Malden, Mass." Sold everywhere at 25c each.

HEALTH ADVICE
BY UNCLE SAM, M. D.
Health Questions Will Be Answered if Sent to Information Bureau, U. S. Public Health Service, Washington, D. C.
THE TREATMENT OF ACNE
Acne is always a stubborn disease but with patient and intelligent treatment it can be cured; relapses are common when the causative conditions return. To be successful, the treatment of acne must embrace both constitutional and local measures. The

WOMAN IS MADE OFFICE MANAGER
The Rusk Radiator Co., Fargo, N. D. has a new office manager—a woman, Miss Almada LaFleur.
"Why not?" asks F. L. Watkins, Pres., Dakota Business College, Fargo, N. D., of which school Miss LaFleur is a graduate. "We constantly get more calls for trained help than we can supply, both men and women. We expect to be called on for 1000 or more students during the coming school year."
Join the 1000 Club and "Follow the Successful" Fall term Sept. 1. Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D.
constitutional treatment includes diet, hygiene, and internal medication. Certain articles of food almost invariably produce acne in some individuals; the articles having this special tendency are buckwheat, pastry, hot bread, nuts, cheese, chocolate, fried substances, and excess of sweets and starches, also milk; it is generally necessary to cut off many of the so-called luxuries of life, among them, wines and beer, dissipated and rich articles of food. Exercise is all-important, and the proper care of the skin by bathing and otherwise must never be neglected.
There is no one internal remedy which will have any great and permanent effect upon all cases of acne, arsenic will not cure the disease. The measures to be used are those directed principally to the restoration of perfect health, and to the removal of assimilative and nutritive debility, often shown by constipation and dyspepsia, also urinary and sexual disturbances.
The constipation is to be met by measures which induce healthful activity of the abdominal organs, and not simply by repeated purgatives or by mineral waters.
For the dyspepsia, the most varied measures may be required; a cup of hot water, taken half an hour before eating, will often be of the greatest assistance. In a large number of cases of acne, however, alkalies will be found to yield the best results, combined with various vegetable remedies. In a certain number of cases, the acne will depend almost entirely upon pure debility, and powerful tonics will be called for.
The greatest benefit is observed in all the inflammatory forms of acne and from the local use of very hot water, conjoined with other treatment.

cluded in the offices of the Kansas state department of education. Out of it has grown a mandamus suit, according to Miss Julia King, who brought the suit.

The petition recites that Miss Lizzie King, the superintendent of public instruction, has refused to sign Miss King's pay voucher for July. Miss King says further that this was the direct outcome of a strong prejudice held by Miss Wooster against the use of tobacco by men employed in educational departments of the state.

Miss Wooster declared, according to Miss King, that no man who smoked was fit to head the Kansas tea-

son. Miss King demurred. After some further discussion, Miss Wooster informed Miss King, the latter says, that her service would not be required after July 1, and that no pay would be forthcoming after that date. Miss King insisted that the Kansas State Board of Education only could separate her from her job, and remained at the desk in the same room with Miss Wooster.

When August 1st came, and no pay voucher arrived for Miss King, Mr. King brought a mandamus suit against the superintendent, seeking to force payment of the salary she asserts to be due her.

Moose Likes Farmer.
New Glasgow, Can.—A farmer here has a tame moose on his hands while he is feeding at the expense of the provincial government. A cow moose, lame and ill, humped into his barnyard some weeks ago and, after being fed and befriended, became so attached to the farmer that when turned out at the order of the game warden it refused to take to the woods and returned to the farm. A new home in Lafontaine park will likely be found for the animal.

Comedy first attained a developed and artistic form about the fifth century, B. C.

More than 50,000 farmers in the United States own motor trucks and operate them on their farms.

The average automobile needs five new tires each year, or 25 during the life of the car.

COURT BATTLE**

COURT BATTLE
Topeka, Kan., Aug. 21.—Tobacco
smoke has proved a small storm.

A four-panel comic strip by Phil Wit. The characters are Mr. Duff, a portly man in a tuxedo, and a waiter in a white apron. The setting is a restaurant or club.

- Panel 1:** Mr. Duff is being escorted by the waiter. Mr. Duff says, "MR. DUFF, IT IS OUR CUSTOM HERE TO PRESENT THE GUESTS WITH THEIR BILLS WEEKLY - SO IF YOU'LL STEP INSIDE I WILL GIVE YOU YOURS FOR LAST WEEK." The waiter replies, "ALL RIGHT, SIR." A sign on the door says "ADAM'S PRIVATE".
- Panel 2:** Mr. Duff stands in a doorway, looking nervous. In the background, a man in a tuxedo is at a podium, saying, "HOLD PERFECTLY STILL FOR JUST A MINUTE."
- Panel 3:** Mr. Duff is handed a bill by the waiter. Mr. Duff says, "HERE'S YOUR BILL FOR THE WEEK! PLEASE PAY THE CASHIER." The waiter asks, "WHAT KIND OF A MACHINE WAS THAT YOU HAD THERE?"
- Panel 4:** Mr. Duff looks at the bill and says, "THAT'S OUR X-RAY MACHINE!" The waiter, looking shocked, replies, "I'LL SAY IT'S VERY ACCURATE!"

EVENTS AND GOSSIP FOR THE FANS

HEAVY HITTING STILL FEATURE OF MAJOR BALL

George Sisler Dethrones Tris Speaker as Batting King by Fast Pace

Chicago, Aug. 21.—Players in the National league who last week were leaders in their specialties continued to set the pace, according to averages released today, which include games of Wednesday.

Roger Hornsby, the St. Louis star, who topped the list of batters participating in 50 or more games a week ago with an average of .372, retained the same mark although he played in eight games during the week. However he increased his lead in total bases to 245, on 162 hits which include 32 doubles, fifteen triples and seven homers. Bats of Boston, although dropping three points, continued to be the runner-up with .353, while Nicholson of Pittsburgh stepped in front of Roush of Cincinnati for third place, with a mark of .341. The Cincinnati outfielder slumped .five points for an average of .327 which ties him with J. Smith of St. Louis for fourth place.

Cy Williams, the Philadelphia outfielder, failed to swell his home run total of 11. Max Carey of Pittsburgh negotiated a quartette of stolen bases and is showing the way with 42. Other leading batters: Stock, St. Louis, .326; Williams, Philadelphia, .322; Young, New York, .321; Konetchy, Brooklyn, .321; Hollocher, Chicago, .318; King, New York, .317; Groh, Cincinnati, .316; Myers, Brooklyn, .313; Z. Wheat, Brooklyn, .309; Duncan, Cincinnati, .305; Fleck, Chicago, .305.

Sisler Uses to Top
George Sisler, St. Louis' star first baseman, has been having a great time with the willow during the past week, and as a result has dethroned Tris Speaker, manager of the Cleveland Indians in the American league for the leadership among the players who have participated in 30 or more games. Sisler is batting .408, an increase of four points over last week, while Speaker has dropped 17 points to .400. Joe Jackson, the Chicago slugger, and Babe Ruth of New York, the home run king, each suffered a slump in their hitting, but are sticking among the leaders, being tied for third place. Each is batting .380.

Ruth made only one home run from Wednesday a week ago to last Wednesday when the average were completed. He had up to this time gathered 42 circuit drives. His total base record has been increased to 303 bases, and as a run getter has counted 127 times. Rice of Washington continued to set the pace among the base stealers with a total of 45 thefts, two of them which were added during the week.

Ty Cobb, Detroit's star, who showed signs of climbing among the leading batters, has not kept up the pace he set a couple of weeks ago. He is batting .312 compared with .341 a week ago.

Other leading batters: E. Collins, Chicago, .351; Meusel, New York, .350; Rice, Washington, .345; Jacobson, St. Louis, .342; Hendryx, Boston, .335; Jamieson, Cleveland, .332; Weaver, Chicago, .331; Millana, Washington, .326; S. O'Neill, Cleveland, .326; Welch, Chicago, .325; Judge, Washington, .322.

Hargrave Hits Homers
"Bubbles" Hargrave of St. Paul has been having a field day among the American association players the past week. Hitting .323 and in eighth place among the players who had participated in 50 or more games, Hargrave went on a batting rampage which boosted his average to .337, putting him in tie with Wickland of Toledo for second place. The pair are pushing Grover Hartley of Columbus, who is topping the list with a mark of .351.

Hargrave not only went into second place in batting, but he is only one run behind Drennon of St. Paul in the number of runs scored, and has taken the lead from Good of Kansas City for total base honors. His 131 hits give him a total of 327 bases which include 28 doubles, eleven triples and 15 homers. This latter specialty has placed him in a tie with Bunny Brief of Kansas City for circuit drive honors.

ELGIN RACES ARE POSTPONED

Elgin, Ill., Aug. 21.—The National Road races, scheduled to start at noon

BASEBALL'S STORM CENTER

CARL MAYS.

Carl Mays, who threw the ball which fractured Ray Chapman's skull, has long been the storm-center of baseball. Demands now are made that his pitching career end.

His close-pitching has long been a subject of contention. He has long made a practice of "dusting off" the opposing batters, ball players declare. Whether Mays will retire from the game, he put out of it or stay in, the game is a subject of doubt.

Lower picture shows Mays pitching his "submarine" ball. He starts the pitch almost from the ground and the ball rises as it sails to the plate.

were postponed one week on account of rains.

Officials announced that the rain of last night and this morning had flooded the course and that the start would be impossible even if the weather cleared.

The same hours will be in effect for the race next week, Aug. 25.

ALL SET FOR BALL GAMES

Large crowds were anticipated for this afternoon's and tomorrow's games with Dickinson at capital ball park. The game this afternoon was to be called at 4:30 p. m. and Sunday's game at 3 p. m. The Dickinson team was reported in fine condition for the games.

BENDER HURLS PERFECT GAME

New Haven, Conn., Aug. 21.—"Chief" Bender, one time star pitcher of the Philadelphia Americans and now manager of the New Haven club, of the Eastern league, pitched a no-hit, no run game against Bridgeport here today. Only 27 men faced the tall Indian in nine innings, the one man who got on base being put out stealing. New Haven won the game 8 to 0.

COBB WELL DOWN IN BATTING LIST

Chicago, Ill., Aug. 21.—Leading batters in the big leagues for the week ending August 18, released today by the Associated Press, are as follows:

American League	
Sisler, St. Louis	.408
Speaker, Cleveland	.405
Jackson, Chicago	.380
Ruth, New York	.379
Rice, Washington	.375
Hendryx, Boston	.375
Witt, Philadelphia	.373
Cobb, Detroit	.372
National League	
Hornsby, St. Louis	.372
Bayes, Boston	.355
Nicholson, Pittsburgh	.341
Roush, Cincinnati	.327
Williams, Philadelphia	.322
Young, New York	.321
Konetchy, Brooklyn	.321
Hollocher, Chicago	.318
American Association	
Hartley, Columbus	.351
Hargrave, St. Paul	.337
Wickland, Toledo	.337
Wade, Minneapolis	.336
Good, Kansas City	.322
Relg, Indianapolis	.321
Lamar, Louisville	.315
Butler, Milwaukee	.310

SPORT TIPS

BILLY JINGLES.
Cincinnati, Aug. 21.—That's his name—Billy Jingles. He's a Cincinnati middleweight. His moniker is so good for advertising purposes that he's becoming popular.

CONNIE GESS.
Philadelphia, Aug. 21.—Connie Mack may not have the greatest ball club in the American league, but he's pretty wise. His guess is that Cleveland is to have a pennant, while the Yanks and White Sox will fight it out for second place.

HE'S JUST A HORSE
Saratoga, Aug. 21.—Earnings of

Man O'War for two years total \$132,290. This represents his winnings out of 15 victories in 16 starts. The wonder horse has won all six of his starts in this season's three-year-old meets.

PITY POOR LUMPS
Cincinnati, Aug. 21.—Otto Theege, member of the Cincinnati Umpires' Association, lost five pounds during a single afternoon's work. The game lasted 2 hours and 45 minutes, while 33 runs dented the platter.

AD STARTS SOMETHING.
Los Angeles, Aug. 21.—Since the announcement that Ad Wolgast has recuperated his youth by taking the goat gland cure several of the vanishing are looking around.

TAKE JUICY CUT.
Columbus, Aug. 21.—The Columbus Boxing Commission has turned over \$10,000 to the city's recreation fund, which represents the commission's share of 5 per cent of recent boxing shows.

AGAINST AFRICAN.
St. Paul, Aug. 21.—A post-season series is not likely to be played this fall for the Class AA championship. The International aren't in favor of it, according to American Association officials.

MITCHELLS REPAIRED
Milwaukee, Aug. 21.—After some needed carpenter work on the Mitchell brothers, including leg development and dental works, they are said to be in fine fettle, after vacationing.

INSURES HIS EARS.
Los Angeles, Aug. 21.—"Bull" Montana, ex-wrestler and now a movie actor, has gone Kitty Gordon who insured her sleek back, and Willie Hoppe who has his hands guaranteed against accidents, one better by insuring his ears.

AMERICAN LEAGUE Sox Take Two
Philadelphia, Aug. 21.—Chicago won both games of yesterday's double-header. The score of the first game was 7 to 4 and the second was forfeited.

With two out in the locals' half of

CHANDLER SIX

Famous For Its Marvelous Motor

The Chandler Dispatch Car

The Right Car at the Right Price; Chandler Is the First Choice

The Chandler Company has devoted itself for seven years to the determined policy of producing, and continuing to produce, the best Six at the fairest price. And it has succeeded with distinction in this devotion.

Featured by its exclusive Chandler motor, constantly developed and refined but never radically changed, and by its sturdy

chassis construction throughout, the Chandler has steadfastly held its place among fine cars and gone forward into a position of unquestioned leadership among Sixes.

Satisfactory service, under any and all conditions, in the hands of its more than eighty thousand owners, is the best proof of Chandler worthiness.

BISMARCK, N. D.

THE CHANDLER MOTOR CAR COMPANY, CLEVELAND, O.

the ninth inning of the second contest, the bleaching crowd swarmed on the field, thinking a foul grounder from Styles had ended the game. The crowd refused to leave the field and Umpire Chitt declared the game forfeit to Chicago. The score at the time stood 5 to 2 in favor of the visitors.

At the start of the fifth inning of the first game, players, umpires and spectators stood with bared and bent heads for two minutes in memory of Ray Chapman. Scores:
First game: R. H. E.
Chicago . . . 400 000 300—7 12 2
Philadelphia . . . 100 100 092—4 8 0
Batteries: Faber and Schalk; Harris, Bigbee and Perkins, Myatt.
Second game: R. H. E.
Chicago . . . 000 203 000—5 9 3
Philadelphia . . . 010 000 100—2 5 0
(Game forfeited to Chicago 5 to 0.)
Batteries: Kerr and Schalk; Perry and Perkins.

AMERICAN ASSOCIATION Storms Hit Game
Milwaukee, Aug. 21.—In a game interrupted nearly an hour by a heavy rainstorm, Milwaukee won its ninth straight victory by defeating Louisville 9 to 6. Huhn's home run with the bases filled in the first was a feature. Tincup tied the score in the fifth with a home run. At 4 o'clock sharp the players gathered about home plate and with their heads bared in memory of Ray Chapman. Score:
R. H. E.
Louisville . . . 000 320 100—6 9 9
Milwaukee . . . 500 012 01x—9 13 0
Tincup and Meyer; McWeeney and Gaston.

Kaws Beat Indians
Kansas City, Aug. 21.—Kansas City defeated Indianapolis 7 to 2. Cavet pitched in the opening innings, but weakened in the sixth and seventh. McDougall, a local semi-professional was inserted in the Kansas City line-up and made three hits in four times up. Score:
R. H. E.
Indianapolis . . . 000 200 000—2 5 3
Kansas City . . . 000 004 30x—7 13 1
Cavet and Helme; Weaver and Brock.

Mad Hens Beat Leaders
St. Paul, Aug. 21.—Columbe allowed but three hits but St. Paul lost to Toledo, 3 to 2. Toledo bunched its three hits for two runs in the sixth and an error in the ninth won the game. Score:
R. H. E.
Toledo . . . 000 002 001—4 3 2
St. Paul . . . 100 000 001—2 7 2
McGill and Woodall; Columbe and Hargrave.

NATIONAL LEAGUE Reds Take Another
Cincinnati, Aug. 21.—The Reds won from Brooklyn yesterday, 10 to 3, by hard hitting of three visiting pitchers. Mammaux was knocked off the slab in the fifth and Mitchell suffered the same fate in the sixth

while Mohart was also pounded freely. Luque pitched well until he was partially overcome by the heat in the eighth, when he gave way to Fisher. Score:
R. H. E.
Brooklyn . . . 000 000 102—3 4 2
Cincinnati . . . 001 052 02x—10 10 2
Batteries: Mammaux, Mitchell, Mohart and Miller, Taylor; Luque, Fisher and Wingo.

Cards Lick Braves 6-1
St. Louis, Aug. 21.—St. Louis hit Oeschberger hard and won from Boston, 6 to 4. Dink was forced out of the game in the second inning when hit on the leg by Bosch's drive. The game was stopped for five minutes at 4 o'clock as a tribute to the memory of Ray Chapman. Scores:
R. H. E.
St. Louis . . . 000 000 400—4 8 0
Boston . . . 104 000 10x—6 14 1
Batteries: Oeschger, Fillingim and O'Neill; Doak, Goodwin and Clemons.

Giants Hit Alex But Lose
Chicago, Aug. 21.—St. Louis defeated New York 5 to 1. Alexander was pounded for 11 hits, but was steady in tight places. Chicago knocked Benton off the slab in the third after scoring three, runs off him in the second. Douglas and Winters finished. Paskert, with a home run and triple, was the star in batting. Score:
R. H. E.
New York . . . 000 001 000—1 11 0
Chicago . . . 051 001 00x—5 10 0
Batteries: Benton, Douglas, Winters and Smith; Gonzales, Alexander and O'Farrell.

Phillies Beat Pirates
Pittsburgh, Aug. 21.—Philadelphia defeated Pittsburgh, 4 to 2 in 11 innings. Ponder was unsteady throughout. Pats allowed only two hits after the first inning. Players and spectators stood silent for one minute at 4 o'clock in respect to Ray Chapman—late Cleveland shortstop. Score:
R. H. E.
Philadelphia . . . 000 010 001 02—4 6 1
Pittsburgh . . . 100 000 010 00—2 5 1
Batteries: Betts and Traggesser; Ponder and Haefner.

MAYS THROUGH, JOHNSON SAYS

Cleveland, O., Aug. 21.—No official action antagonistic to Carl Mays, the New York American player, who pitched the ball on Monday which resulted in Ray Chapman's death, will be taken by President B. E. Johnson of the American league. The case is ended as far as he is concerned. Johnson declared here today: "I could not conscientiously attempt to make any trouble for Mays." Johnson said. "But it is my honest belief that he never will pitch again. From what I have learned he is greatly affected and may never be a reliable member of any team again. Then I also know the feeling against him to be so bitter among

the members of other teams that it would be inadvisable for him to attempt to pitch this year at any rate."

Mays Suffers Collapse
New York, Aug. 21.—While Ray Chapman, shortstop on the Cleveland Americans, fatally injured here last Monday by a ball pitched by Carl Mays of the New York club, was being buried today in Cleveland, Mays was lying in his home here suffering from a nervous breakdown.

PRISON TEAM PLAYS HEBRON

The prison baseball team, which is enjoying a successful season, will play Hebron at the prison Sunday afternoon.

MUIR PUT OUT OF TENNIS MEET

Minot, N. D., Aug. 21.—Robert Muir of Hunter who early in the tournament eliminated Dr. Blatherwick, state champion in 1918 and 1919 was himself put out of the running today by W. Elton of Grand Forks. In the last qualifying round for the state singles championship, Wilkerson, Elton, Thornton and Lawrence are still left in the race.

At the business meeting held Thursday night it was decided to have the next tournament at Grand Forks. Dr. W. E. Blatherwick was named president, J. W. Thornton, vice president, and Wilmer Elton, secretary.

Insure Prosperity

BALANCED SEASONS
Business in general is heavier in the Fall, Winter and Spring. Farming business is heavier in the Summer and Fall.
Each kind-helps the other to handle more business through the functions of the bank.
Now is the time for commercial business to strengthen their deposits and reduce their loans in order that the crops may be properly handled.
Later on things will swing around the other way and the farmer will be the heavy depositor—general business the heavy borrower.
This bank offers both farmers and commercial firms a complete banking service, backed by strong resources and experienced officers and staff.
